CRIME IN IDAHO

1987

PREPARED BY CRIMINAL IDENTIFICATION
BUREAU, DEPARTMENT OF LAW ENFORCEMENT

STATE OF IDAHO
DEPARTMENT OF LAW ENFORCEMENT

MACK W. RICHARDSON, JR.
Director

CECIL D. ANDRUS
Governor

TO ALL CRIMINAL JUSTICE ADMINISTRATORS

Submitted herewith is Idaho's Annual Uniform Crime Report (UCR), as compiled by the Criminal Identification Bureau, Police Services Division, of the Idaho Department of Law Enforcement.

This report portrays the nature, volume and extent of crime in Idaho and has been made possible through the concerted efforts of the many law enforcement agencies who consistently submitted the essential data. This data, in turn, have been provided to the Federal Bureau of Investigation for tabulation of national crime statistics and inclusion in their annual publication, Crime in the United States.

This report will assist law enforcement in management decisions and will provide valuable information for use by both private and public organizations and institutions. It is hoped that it will enhance awareness among the general public that crime exists as a serious problem within our communities and requires attention from every segment of society.

Criminal activity cannot be eliminated by law enforcement agencies acting alone; effective crime control requires active citizen participation.

Sincerely,

Mack W. Richardson Jr

Mack W. Richardson, Jr

STATE OF IDAHO

FORWARD

This report on Crime in Idaho during the calender year 1987 was compiled from data submitted to the Criminal Identification Bureau, Department of Law Enforcement, by local law enforcement agencies of Idaho.

Every effort has been made to verify the accuracy and completeness of this information by the reporting agencies and the Crime Reporting staff.

This year marks the fourteenth anniversary of the Uniform Crime Reporting program for Idaho. These data establish representation of the progress of law enforcement in our state and will serve as a baseline for future work.

Without the co-operation of law enforcement agencies, this statistical information would not be available. Their participation is gratefully acknowledged.

LAW ENFORCEMENT OFFICERS ASSAULTED

ASSAULTS
ON
LAW ENFORCEMENT OFFICERS

The killing or assault of law enforcement officers is an increasingly serious problem faced by law enforcement administrators nationwide, and it should be of the gravest concern to the public at large. Such acts directly affect the functioning of proper law enforcement operation and thus reduce the abiblity of our law enforcement agencies to combat crime and maintain law and order. Today, the ambitious young man who considers a career in law enforcement must also consider the risk of being killed or assaulted by a member of the society that he is sworn to protect.

In 1987, there were 252 assaults on law enforcement officers in Idaho, as compared to 284 in 1986, which is an Eleven point three (11.3) percent decrease. While every assault did not result in personal injury to the officer involved, many of them did result in physical harm to the officer, with loss of work time.

During 1987, Twenty Two point two (22.2) percent of all assaults resulted in injury to the officer, as compared to Twenty Six (26) percent in 1986. These 252 officers assaulted amounted to Fourteen point nine (14.9) percent of all sworn county and city law enforcement officers.
